## **5 open houses in Jackson Heights to check out this weekend**

*These one-, two-, and three-bedroom homes are in need of new owners*

Welcome to the weekly Open House Tour, because who doesn't love a little real estate gawking? This time around, we're looking at what's on the market in Jackson Heights.

↑First up is this light-filled one-bedroom that spans an impressive 975 square feet and features an open-concept floorplan. The co-op resides on the top floor of a six-story building (don't worry—there's an elevator) and has received a renovation that brought about a chalk wall in the foyer, an “editorial-worthy” open kitchen with an island, and custom closets. Asking price is \$538,500 and monthly maintenance is \$755.
