

# BROWNSTONER QUEENS

March 10, 2014

## **Listing of the Day: 99-34 67th Road, #3B**

This one-bedroom condo is up for sale in Forest Hills, in the Wainwright building at 99-34 67th Road. It's a prewar building, so there are some prewar features in the apartment, but it looks mostly modernized with built-in bookcases and recessed lighting. The best part about this pad is that it's large for a one bedroom, coming in at 920 square feet. There's a breakfast alcove off the kitchen as well as dedicated living and dining areas. So what's the asking price? \$419,000.
