Wee West Village Apartment Hidden From Street Asks \$625K

Welcome back to *The Six Digit Club*, in which we take a look at a newish-to-market listing priced under \$1 million, because nice things sometimes come in small packages. Send nominations to the *tipline*.

If charm per square inch was quantifiable, this place would be off the charts. The tiny one-bedroom apartment not only has its wood-burning fireplace, numbered built-ins, and oak floors working for it, but it's also hidden from the street and opens onto a lovely planted courtyard (h/t 6sqft). As if that all isn't enough, the apartment on West 11th Street between Greenwich and Washington streets is asking a similarly wee \$625,000.
