## Gaga in Hell('s Kitchen)?

Friday, March 15, 2013, by Hana Alberts

Even as she's wheelchair-bound, recovering from hip surgery, Lady Gaga is on the hunt for a new pad. The *Post* reports that she is eyeing the penthouse at The Link in Hell's Kitchen, listed by the star brokers from HGTV's "Selling New York." She's apparently also toured an apartment at a celeb favorite, the Park Imperial, which is just a tad south of Central Park and Columbus Circle. She's clearly not jumping on the Brooklyn bandwagon just yet. [NYP; previously]
