211 East 51st Street

Crowning the exquisite new conversion at 211 East 51st Street, this spectacular duplex penthouse is a feast for the senses and is the epitome of New York living. Panoramic views of the glittering Manhattan skyline dominate this sprawling 3,175-square foot space, which includes three bedrooms, three en suite bathrooms and two half-baths among its capacious 7-room layout. The interior spaces are an elegant synthesis of innovation and imagination. Double-height ceilings and walls of glass endow the expansive second level with drama and light, and a soaring fireplace evokes a sense of comfort. Jewel-like finishes adorn the luxurious bathrooms and kitchen, accentuating clean lines and fluid entertaining. Wrapping the perimeter of each level are private terraces totaling 1,641-square feet, with several points of access to indulge a rare brand of seamless indoor-outdoor living. Tranquilly located next to Greenacre Park, the acclaimed conversion of 211 East 51st Street was designed by renowned architect Shamir Shah, and the penthouses interiors have been customized by Mojo Stumer.
