The Kitchen Exposed

Some New Yorkers whip up nightly five-course meals. Others use their ovens for storing off-season sweaters. So how much is a kitchen worth, anyway?

Studio Kitchen: 16 West 19th Street, Apt. 9D

Monthly rent: \$3,650

What the kitchen in this studio lacks in size, it makes up for in style and efficiency, with glossy cabinets and high-end appliances scaled to fit the tiny space, including a Miele two-burner stove, a drawer-style dishwasher, and a super-slim Sub-Zero fridge. (Jade Jagger, daughter of Mick, designed these so-called pods.)
