March 16, 2013

WHEELCHAIR-bound Lady GaGa is on the hunt for a new Manhattan apartment.

The singer — who's recovering from hip surgery — recently looked at a \$5.95 million penthouse at The Link, at 310 W. 52nd St.

HGTV's *Selling New York* stars Tom Postilio and Mickey Conlon have the listing.

GaGa has also viewed a pad at the Midtown enclave The Park Imperial, where residents have included Sean "Diddy" Combs and Deepak Chopra, according to *New York Post* gossip column *Page Six*.
