I Just Adore a Penthouse View!

It is no secret that searching for a fabulous apartment in New York City is like going into battle. Armoring yourself in a power suit and sharpening your negotiation skills will only get you so far...what you need is a trusted insider. And while many brokers may seem like the enemy, you can find an ally in Adrian Noriega, The Showt's preferred broker.

Noriega has been in the business for over ten years and was named in the top two percent in sales at his former company.

Recently, he traded teams to join the boutique firm CORE, featured weekly on HGTV's "Selling New York." Noriega offers complete transparency to his clients, coupled with a charm and boyish good looks. In addition to upcoming appearances on US television, Noriega will soon receive international exposure abroad on a European series based on the NYC real estate market.

When Noriega is not securing dream residences for his A-list clients, he helps to raise money for charitable organizations including GLAAD. A philanthropist with keys to Manhattan's most fabulous apartments? We're SOLD.
