**CORE** THE EVOLUTION OF REAL ESTATE™

Yes, another one of these fabulous events I am prevented to participate in by a certain body of salty water. Well, what can you do... Since I have been supporting other projects via Kickstarter, I guess I should start my own project so we get something going over here.

For those of you lucky enough to be able to make it there on August 11, you can find out more at this blog.

Even if I will not be able to go there in person, maybe the æthernet provides me with some material to at least do a report on what was going on at the party.

Now, I shall mourn my fate...
